

DIO Roads upgrade

CREATED WITH CARE BY

SKANSKA

- The DIO roads include Minorca Road, Cyprus Road and Newfoundland Road. These roads were built to serve the Princess Royal Barracks but are not suitable for the new development
- A road infrastructure investment programme is proposed to upgrade these roads to meet the needs of Mindenhurst residents, including resurfacing

- There will be some localised narrowing in residential areas to encourage lower speeds through the residential areas
- To the north of the site, a shared footpath/cycle path is proposed to be diverted through the Sports Hub providing a more direct & safer alternative travel route to the sports facilities
- Once completed, these roads will eventually be adopted by Surrey County Council.
